IMPORTANT CUSTOMER INFORMATION:

DELIVERY: After been checked for its perfect performance, bicycles are delivered packed with the pedals removed and the handlebars turned. It is very important that you put the pedals (left and right) in its correct position and you tight the screws like indicated in the instructions (document attached to the handlebar).

FAILURES: The rental company is responsible for failures detected at the time of bicycle's collection, but not those during the Way that can be caused by misuse. The user is responsible for the bicycle during the rental period.

As a customer service, we indicate you where is the closest bikes-workshop to your actual position and you can go without waiting queues or expecting unfair tariffs. That is why it is very important you call our 24 hour assistance telephone if you have a problem with your bike in order we may help you. As a general rule, we recommend **REQUIRING** always the corresponding invoice for any claim.

In case of application you may have the following surcharges:

- By not returning or for breaking of the pannierbags = 15€
- By not returning or for breaking of the helmet = 15€
- By not returning of the toolkit = 15€
- By not returning or for breaking of the padlock or key = 5€
- By not returning or for breaking of the front handlebar bag = 15€
- By not returning or for breaking of the Cover pad with Gel = 5€

Hiring itself implies acceptance of these prices and conditions
